

Cardiff Bay Education Pack

Introduction

Cardiff Bay is a diverse waterfront built around a 200 hectare freshwater lake known as 'the Bay'. Here you will find a great mix of iconic attractions, coupled with entertainment and events that create a truly unique atmosphere worthy of any capital city.

Whether you are a Primary School, University or Community Group, this booklet is designed to help you plan a fun and informative educational visit to Cardiff Bay. It's organised into three sections - Foundation Phase, Key Stage 2 and Key Stage 3. Each visit opportunity lists contact details together with all the activities and the relevant curriculum links.

In addition, for each section, a simple matrix has been constructed to model potential opportunities for combined visits within a single day.
